MEMORIALIZING CONGRESS IN REGARD TO PASSAGE OF CERTAIN LEGISLATION

Mr. Cathey offered the following resolution:

Whereas, It has been called to the attention, through newspaper reports and otherwise, that another great national bank of Texas has lately failed, swamping and ruining, in a financial way, hundreds of patrons and affecting the whole community and county; and

Whereas, The continuation of banks holding the money of hundreds of thousands of depositors in the Nation have gone broke and caused great loss to the depositors and caused the lack of confidence in the banking institutions of our country, and causing millions of dollars to go into hiding, and thus taking it out of circulation, thereby diminishing the circulation of the American dollar; and

Whereas, Our immigration laws have become rather lax, foreigners having been allowed to come into the United States, and more especially have been allowed to cross the border from Mexico into Texas, and are filling many thousands of places of em-

ployment where our Texas citizens should be filling, and where heads of families in this great State have been stood aside with starving, and almost naked wives and children, for the lack of some kind of employment, and

Whereas, We have not had passed any law by our National Congress preventing the practice of nepotism by our Senators and Congressmen and the heads of other departments of government, and

Whereas, The practice above named has kept thousands of qualified and deserving people from employment, said employment going to families of those who are holding positions of great importance with our Federal Government, and

Whereas, It is recognized by many of the leaders in the National Congress that the prices of agricultural products throughout the Nation has always been dependent on the volume of money per capita, thereby controlling and diminishing the number of employes throughout the country, affecting not only agriculture but the railroads and all business institutions thereby; therefore, be it

Resolved by this House, That we ask Congress to support some kind of measure that will increase the volume of money and the medium of exchange; and

Resolved, further, That Congress be asked to pass some kind of law requiring national banks to secure, in some way, those who deposit their life's earnings with them; that we ask Congress to pass some kind of immigration laws that will restrict and lessen the immigrants coming in from especially our Texas border, to the end that jobs may be saved for those who are in need of employment throughout Texas and other States, where they are suffering from like causes; and that the National Congress be asked to pass some kind of anti-nepotism law that will prevent above named abuses, and that they be asked to cut their own salaries in proportion to the strenuous times that we are now living in; and that a copy of these resolutions be mailed to our Texas Congressmen and United States Senators, and that they be asked to take the lead in this great fight for humanity.
